Avoid annoying break downs to your automatic gate operator system!

Preventative maintenance can help keep costly repairs and downtime to a minimum. To ensure the safe and uninterrupted operation of your equipment, Entrance Systems recommends preventative maintenance be done atleast twice a year. Contact ES to schedule a PM performed by one of our experienced technicians.

One Time PM : \$150.00 / Annual Plan (Spring and Fall PMs) : \$275.00

Additional Operators - One Time: \$100.00 per operator / Annual Plan: \$150.00 per operator

- Please check box if you would like to purchase a one-time preventative maintenance checkup. (\$150.00)
- Please check box if you would like an annual preventative maintenance plan. (\$275.00) (Annual plans include two visits per year)
- Please list the number of operators you would like to have preventative maintenance performed on.
- We approve an additional allowance of \$300 for parts. (Parts will be replaced only if they required for safe and proper operation of gate)

Preventative Maintenance Includes the following:

- Inspect and Test all Safety Devices
- Inspect and Test Vehicle Loops
- Tighten and Lubricate Drive Chain
- Inspect Idlers for Wear and Lubricate
- Inspect Drive Sprocket for Wear and Tighten
- Inspect, Lubricate, Adjust Gate Rollers
- Inspect Gate and Fence for Wear and Damage
- Lubricate Internal Drive Parts
- Grease Pillow Block Bearings
- Inspect and Adjust Brake Mechanism
- Inspect and Tighten Drive Belts
- Inspect Clutch for Wear and Adjust
- Adjust Gate Travel Limits if Necessary

Make sure your gate is safe!

To comply with UL325 safety code, all automatic slide gates should have an electronic safety edge system or photoelectric safety beam. These devices help ensure safe operation of your gate.

Safety Edge Systems - \$325.00 / Photoelectric Safety Beam: \$250.00

- Please check box if you would like to purchase an edge system.
- Please list the number of gates you would like to have edge systems installed on.
- Please check this box if you have existing edge system that is not functioning properly and needs repair.
- Please check box if you would like to purchase a photoelectric safety beam. (Not Recommended on openings over 30')
- Please list the number of gates you would like to have photoelectric safety beams installed on.
